

PRIVACY POLICY

SkillSphere Foundation

Dated: August 27, 2026

Purpose & Scope

SkillSphere Foundation is committed to protecting the privacy of everyone connected with the organization, including donors, volunteers, program participants, and website visitors. This policy describes what we collect and how we handle it. We never sell personal information.

What We Collect and Why

We collect only what we need to run our programs: names and contact details from registrations and volunteer sign-ups, donor names and contact information, and messages sent through our website or email. This information is used for program management, communication, and fundraising. Anyone may unsubscribe from our emails at any time.

Children and Student Data

Most of our participants are middle and high school students. Registration for participants under 13 requires consent from a parent or guardian, and our forms collect the minimum information needed. Student information shared with us by schools or partner organizations is used only to deliver the program involved and is never shared further or sold. We publish photos or names of students only with written consent from a parent or guardian.

Third-Party Services

Forms on our website are processed by our website host (Netlify). Donations are processed by PayPal and GoFundMe, which handle payment details under their own privacy policies; we do not store payment card information. We do not use advertising cookies.

Security, Retention, and Breaches

We use reasonable safeguards to protect personal information and limit access to those who need it. Program registrations are kept up to two years after a program ends; donation records are kept at least seven years. If a data breach affects personal information, we will notify affected individuals and authorities as required by Delaware law without unreasonable delay.

Access and Updates

Anyone may request access to, correction of, or deletion of their information by contacting us. Updates to this policy are posted on our website with a revised date.
